

THE DUKE OF EDINBURGH'S AWARD

Programme ideas: Residential section

! The first step is to choose a residential location. This could be a local area, a nearby town or village, or even a country house. Consider the facilities available and the safety of the location.

! The next step is to choose a residential partner. This could be a local business, a community group, or a charity. Consider their experience and their ability to provide the necessary facilities and support.
